Keyboarding Spelling — Grades 4–5

Objectives: Practice locating letters on a keyboard; practice writing spelling words

Materials: Keyboarding Spelling activity; pencils; highlighter

Activity
1. Pass out a Keyboarding Spelling sheet along with a list of words of your choice.
2. Demonstrate the activity for students. Use a word from the list you provided and show students how to highlight the letters on the paper keyboard, and then copy them on the double lines beside the keyboard.
3. Repeat for all words.
4. After students have completed all words, have them take their list of words and type them a blank word processing document on a computer or tablet.
Keyboard Spelling
Find and color letters in the word on the keyboard. Write the word.
